**OFFICE OF THE AUDITOR-GENERAL**  
**FOR LOCAL GOVERNMENTS**

**CONSOLIDATED REPORT OF THE AUDITOR GENERAL FOR**  
**LOCAL GOVERNMENTS ON THE ACCOUNT OF**  
**20 LOCAL GOVERNMENT COUNCILS OF BAUCHI STATE**  
**FOR THE YEAR ENDED 31<sup>ST</sup> DECEMBER, 2020:**

**STATEMENT OF FINANCIAL RESPONSIBILITY**

Heads of Finance and Accounts of the 20 Local Governments in the State are responsible for the preparation and presentation of their Financial Statements in accordance with the provisions of the Constitution of the Federal Republic of Nigeria, Ninety (90) days after the expiration of the financial year.

**STATEMENT OF RESPONSIBILITY OF AUDITOR GENERAL**

The responsibility to form an independent opinion based on Financial Statement and accompanying accounts prepared and submitted by the Heads of Finance and Accounts of the 20 Local Governments in the State is vested in the Auditor General who is responsible to report on them in accordance with part II, Section 14 of Bauchi State Public Sector Audit and other related matters Law, 2021.

**STATE OF ACCOUNTS**

The accounts of the 20 Local Governments in the State have been audited and reported upon. Non-compliance with the laid down procedures of retirement of payment vouchers as contained in Financial Memorandum chapter 14 paragraph 4-10 were noted. The Inspection Reports for year 2020 have been issued and forwarded to appropriate quarters as required.

a) **REVENUE ACCOUNTS**

A sum of **N48,202,919,625.41** was earned as total Revenue as at 31<sup>st</sup> December, 2020 out of which **N157,598,182.00** representing **0.33%** was generated as independent revenue by the twenty Local Governments. In addition, the Financial Statements showed a decrease in the independent revenue of the twenty Local Government was noticed when compared with year 2019 revenue generation. The Chairmen of the Local Governments should propel the managements towards changing their mindset on the need to aggressively push for increase in the IGR and to be emerging self-sustenance Local Government councils.

The following deficiencies were noticed: -

- (i) Remittances were not timely made as agreed.
- (ii) Records were not properly maintained.
- (iii) Revenue records and receipts were printed and used indiscriminately.

All the aforementioned problems contributed immensely to poor independent revenue earned during the financial year under review.

b) **ANALYTICAL CASH BOOK**

The cash book in use for the period under review, covered by this statutory report were not well prepared. Budgetary codes that were used in some of the expenditure/revenues in the cash books were not uniform when compare with that of payment/revenue vouchers codes. Audit is of the opinion that the twenty Local Governments should henceforth take the use of budgetary codes with utmost seriousness it deserves as Audit will not hesitate to sanction any erring officer forthwith.

Some of the Cashiers still post transactions with abrogated method which is not IPSAS compliant. The Twenty Local Governments of Bauchi State are expected to train those newly appointed cashiers and re-train the existing officers handling cash books so as to be conversant with the existing process of

how Financial Transactions are being recoded into the Cash Books and other related financial records.

C) **ADVANCES**

A total sum of **N1,324,720,893.00** was accrued as receivables from previous years and the year under review. Audit observed that non retirement of advances from previous years constituted the greater proportion of receivable noted in the financial statement.

c) **RESERVES**

The reserves of the Twenty Local Governments stood at **N2,366,518,696.00** during the Financial Year under review.

d) **BUDGET PREPARATION**

Statement of comparison for Budget and Actual for the year ended 31<sup>st</sup> December, 2020, prepared and presented reflected some anomalies. The amount budgeted by all the Twenty Local Governments do not show the correct position of independent revenue expected, **N1,208,921,135.00** was budgeted while **N157,598,182.00** was earned. Secondly, the total sum of **N48,353,737,559.00** was budgeted for the expenditure but **N47,193,399,252.00** was actually spent in the year 2020.

It was further observed that some Local Governments have not strictly adhered to the National Chart of Account that are presently in place for the preparation of budget. This attitude should be discouraged. Also, intensive training should be given to the budget officers in the Local Governments to improve the preparation of budget for the Local Governments.

e) **FISCAL OPERATION REPORT**

i. The personnel Expenses: Total recurrent expenditures ratio shows that **76%** of revenues were incurred on personnel cost of the twenty Local Governments. Therefore, the personnel expenditure took greater percentage of total expenditure for the period.

f) **INTERNAL CONTROL AND INTERNAL CHECK**

During the period under review, the Internal Audit of the Twenty Local Governments of Bauchi State was not as effective as expected by the audit as most of the lapses observed by Audit Inspection officers ought to have been discovered and corrected. Also, the Internal Auditors have not reflected the lapses noted in their monthly reports (if any). The placement of Internal Audit units under the accounting officers of the twenty Local Governments of Bauchi State have not helped matters, it only succeeded in making the unit a pawn in the hands of Local Governments management.

g) **CONTROL OVER EXPENDITURES**

It appeared that sufficient control has not been exercised over expenditure incurred by the Local Governments authority.

**DEVELOPMENT INITIATIVES**

In line with this office corporate plan of being in a high performance and model organization. Audit is a continuous improving technic to ensure better and efficient performance that strengthens office of the Auditor-General for Local Governments operations. This is through a systematic evaluation to improving the effectiveness of risk-management control and good governance processes. During the time of reporting, the following was achieved, on the job trainings conducted on International Public Sector Accounting Standards (IPSAS) on accrual basis for the staffers of the Twenty Local Governments of Bauchi State. Besides, preparation of General-Purpose Financial Statements (GPFS) was asked to be prepared and presented to the Auditor-General by the Twenty Local Governments of Bauchi State.

### **AUDIT CERTIFICATION**

I have examined the financial statements of all the 20 Local Government Councils of Bauchi State as at 31<sup>st</sup> December, 2020 in accordance with Section 125 (2), (4) and (5) of the 1999 Constitution of the Federal Republic of Nigeria as amended and in compliance with Part II, Section 14 of Bauchi State Public Sector Audit and other related matters Law, 2021.

The Audit was conducted in accordance with Bauchi State Audit Manual for the Office of the Auditor General for Local Governments in Bauchi State, Version I of September, 2015 and Generally Accepted Auditing Standards (IPSAS) accrual basis. In addition, projects and programs were verified in line with the concept of performance Audit. We relied on the report submitted by three External Auditors engaged on audit of the accounts of 20 Local Government Councils of the State.

Having obtained relevant information and explanation required, I certify that in my opinion, the statements of financial position as well as supporting accounts and statements give a true and fair view of the State of affairs of the 20 Local Governments of Bauchi State as at 31<sup>st</sup> December, 2020 subject to the observations and comments contained in the body of this report.

KABIRU GARBA GAMAWA, FCNA.

## REPORT OF THE AUDITORS ON THE ACCOUNTS OF SHIRA LOCAL GOVERNMENT COUNCIL

We have audited the Financial Statements of Shira Local Government Council for the year ended 31st December, 2020 set out on pages 9–13, which have been prepared on the basis of significant accounting policies on page 7–8 and other explanatory notes on pages 14–18.

This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements whether due to fraud or errors, selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstance.

### AUDITORS' RESPONSIBILITY

Our responsibility is to express an independent opinion on the financial statements based on our audit. We conducted our audit in accordance with International Standard on Auditing. Those Standards require that we comply with ethical requirements and plan and perform our audit to obtain reasonable assurance that the financial statements are free from material misstatements.

#### BASIS OF OPINION

We conducted the audit in accordance with the International Public Sector Accounting Standards (IPSAS) and the Financial Memoranda for Local Governments.

An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the accounts. It also includes an assessment of the significant estimates and judgment made by the Management in the preparation of the accounts and of whether the accounting policies appropriate and are consistently applied by the Council.

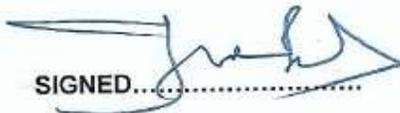

We planned and performed the audit so as to obtain all the information and explanations which we considered necessary to provide us with sufficient evidence to give reasonable assurance that the accounts are free from material misstatements either caused by fraud other irregularity or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of the financial statements. The financial statements are in agreement with the books of accounts which have been properly kept.

#### BASIS OF QUALIFIED OPINION

Monthly bank reconciliation statements were not prepared in the year under review. We observed that there is difference between the cash book balance and the bank statement which should be reconciled also the monthly Loan/Overdraft transactions recorded in the cash book of the Council without the necessary details of the Loan/overdraft facilities, such as the interest and principal repayments and the total facility utilized by the Council in the year.

#### OPINION

In our opinion, Except for effects of the issues described in the basis of qualified opinion paragraph, the Financial Statements give a true and fair view of the financial position of the Council as at 31 December 2020 of its financial performance and cash flows for the year then ended in accordance with the relevant standards issued by the International Public Sector Accounting Standards Board.

MATTERS ARISING FROM THE AUDIT OF THE COUNCIL'S ACCOUNTS FOR THE  
YEAR ENDED 31<sup>ST</sup> DECEMBER, 2020

We are pleased to inform you that we have completed the audit of Alkaleri Local Government Council's Accounts for the year ended 31<sup>st</sup> December, 2020.

During the course of the audit, certain matters concerning the Council's Accounting, Internal control procedures and operations came to our notice which we would like to point out to you. These relate principally to areas where we feel that the systems, procedures and operations could be improved upon.

The recommendations we suggest will give rise to one or more of the following advantages:

1. The internal control procedures will be more effective,

2. The Accounting Records will be more reliable,
3. There will be reduced risk of errors or fraud and
4. There will be general improvement in the Operations.

## 1.0 Summary of Operations

Below is the summary of the Council's Operations during the year under review.

	2020	2019
1.1 <u>Revenue</u>	₦	₦
Govt. Share of FAAC	2,846,382,244	1,514,649,047
Internally Generated Revenue	<u>6,290,645</u>	<u>1,738,072</u>
<i>Total Revenue</i>	<u>2,852,672,889</u>	<u>1,516,387,119</u>
1.2 <u>Less: Operating Expenses</u>		
Personnel Cost	1,927,428,365	928,833,135
Overhead Cost	<u>854,212,006</u>	<u>332,781,524</u>
	<u>2,781,640,371</u>	<u>1,261,614,659</u>
<i>Surplus from Operating Activities</i>	<u>71,032,518</u>	<u>254,772,460</u>

## 1.3 Operation Overview

Total revenue increased from ₦1,516,387,119 in 2019 to ₦2,852,672,889 in 2020. Total operating expenses also increased from ₦1,261,614,659 in 2019 to ₦2,781,640,371 in 2020. The overall results showed a surplus in both years: N71,032,518 in 2020 as against N254,772,460 in 2019. The Council was able to operate within the limitations of available resources during the period.

## 2.0 Accounting Books and Records

## 2.1 Draft Financial Statements (LT/Form 16)

Draft Financial Statements to be produced by every Local Government Council showing the financial position of the Council as at the end of year could not be made available to us. The financial statement is very important as it enables the Management to review the Council's effectiveness in operations vis-a-vis the budgetary allocations, monitoring and controls during the year. It serves as a veritable document in equipping and guiding Management in planning and management decision making.

We recommend that deliberate efforts be made to comply with the Local Government Regulations so that these statements showing the Council's financial position as at 31<sup>st</sup> December each year are produced.

## 2.2 Investments – Non Payment of Dividends

Investment on shares by the Council stood at N25,698,079 as at 31<sup>st</sup> December, 2020. Among the companies/banks in which these shares are held are Afribank Plc (N10,175,612), Jaiz Bank Plc (N6,248,000), Inland Bank Plc (N4,130,389) and Access Bank Plc (N1,200,000). Some of these banks may have changed their names as a result of CBN's intervention either through acquisition, merger or absorption. Jaiz Plc and Access Bank Plc still retain their names. All these banks have been declaring dividends, 2019 and 2020 inclusive.

It was observed that no dividend was received by the Council during the period. The reason for this default could not be communicated to us.

We recommend that the Council should investigate their investment portfolios to unravel why dividends are not paid and to take appropriate remedial actions as may be considered necessary.

## 2.3 Bank Reconciliation Statements

Bank reconciliation statements were not prepared by the Council for any of the months throughout the period. In the absence of such reconciliations, errors, fraud or excessive bank charges arising from banking transactions are not likely to be easily detected. The responsibility for the handling of finances in any organization is incomplete until the cashbooks are balanced, and the balances reconciled with balances as per bank statements on a monthly basis.

We recommend that bank reconciliation statements be prepared for all the bank accounts maintained by the Council.

#### 2.4 Fixed Assets Register

No Fixed Assets Register was maintained by the Council during the year. The Register is designed to record all non-Current assets that are owned by the Council showing, among other things, the following details:- date of purchase, the suppliers (if practicable), the description including registration numbers if motor vehicles, the amount, the office of usage, location, rate of depreciation etc. The register enables the Council to secure and safeguards all its non-Current assets.

We recommend that the register be maintained for the general good of the Council.

#### 3.0 Other Matters

##### 3.1 Internal Audit Report

All efforts to get the Internal Audit Report for the period from the Internal Auditor proved abortive. We were therefore left with no choice but to conclude that internal audit checks were not carried out on the controls and processes of the Council during the period under review.

We recommend that the Internal Auditor should discharge his responsibility of ensuring effective internal control system in the Council and to produce periodic reports on his operations to Management from time time.

### 3.2 Accounting Orientation/ Refreshers Seminars

It was observed that most of the accounting staff have not received any form of training in recent times to equip them in the performance of their accounting duties. Consequently, their efficiency and effectiveness are greatly hampered due to their limitations.

We recommend that accounting orientation or refreshers seminars be organised for accounting and auditing staff of the Council. This is necessary to sharpen their accounting knowledge, skills and principles to bring about effectiveness and efficiency in the performance of their accounting duties.

### 4.0 Conclusion

We shall be pleased to discuss further with you any matter mentioned in this letter and any action that has been taken or is envisaged.

In the meantime, may we express our appreciation for the cooperation extended to us by members of staff of the Council.

Yours faithfully,

John Ejeheri

## 1.0 Summary of Operations

Below is the summary of the Council's Operations during the year under review.

	2020	2019
1.1 <u>Revenue</u>	₦	₦
Govt. Share of FAAC	3,400,040,577	2,874,776,382
Other Receipts	1,199,085,949	-

<i>Surplus from Operating Activities</i>	<u>259,403,965</u>	<u>54,162,056</u>

## 1.3 Operation Overview

Total revenue increased from ₦2,917,415,661 in 2019 to ₦4,640,974,998 in 2020. Total expenditure also increased from ₦2,863,253,605 in 2019 to ₦4,381,571,033 in 2020. The overall results showed a surplus in the two years: ₦259,403,965 in 2020 as against ₦54,162,056 in 2019. The Council was able to operate within the limitations of the available resources during the period.

## 2.0 Accounting Books and Records

### 2.1 Draft Financial Statements (LT/Form 16)

Draft Financial Statements to be produced by every Local Government Council showing the financial position of the Council as at the end of

the year could not be made available to us. The financial statement is very important as it enables the Management to determine the Council's effectiveness in operations vis-à-vis the budgetary allocations, monitoring and controls during the year. It serves as a veritable document in equipping and guiding Management in planning, controls and decision making.

We recommend that deliberate efforts be made to comply with the Local Government regulations so that these statements showing the Council's financial position as at 31<sup>st</sup> December each year are produced.

## 2.2 Payments Vouchers (P.Vs)

It was observed that the processing of payment vouchers was still below standard. A random check of P.Vs in the months of January and July revealed the following irregularities:

No	Date	P.V No	(₦)	Nature of Payment	Remarks
1	3/1/20	26	130,000	Payment to Sundry Persons – monthly allowances	PV could not be traced.
2	3/1/20	27	150,000	Payment to Sundry Persons – monthly allowances	PV could not be traced.
3	3/1/20	28	100,000	Payment to Sundry Persons – monthly allowances	PV could not be traced.
4	3/1/20	29	225,000	Payment to Sundry Persons – monthly allowances	PV could not be traced.
5	7/7/20	20	100,000	Sitting allowance	List of beneficiaries not signed

In the absence of the Payment vouchers was difficult to determine the genuineness or otherwise of such payments.

We recommend that the controls over the processing of payment vouchers should be overhauled to ensure that:

- a. All payment vouchers are properly filed on a monthly basis.
- b. All payments are acknowledged by beneficiaries or payees.
- c. All payments vouchers have supporting documents:- receipts, invoices or stores receipt vouchers duly attached.

### 2.3 Bank Reconciliation Statements

The Council did not prepare bank reconciliation statements in any of the months during the year. Errors, fraud or excessive bank charges arising from banking transactions are not likely to be easily detected under the circumstance.

We recommend that bank reconciliation statements be prepared on a monthly basis for each of the bank accounts to avoid unnecessary financial loss arising from banking transactions.

### 2.4 Fixed Assets Register

No Fixed Assets Register was maintained by the Council during the year. The register is designed to record all non-current assets that are owned by the Council showing among other things, the following details: date of purchase, the suppliers of the assets (if practicable), the description including registration number if motor vehicles, the amount, the office of usage, location, rate of depreciation etc.

We recommend that this register be introduced and maintained for the general good of the Council.

### 3.0 Advances

Outstanding advances as at 31<sup>st</sup> December, 2020 amounted to N77,709,756. Not less than N64,707,716 was granted as part of this during the year. Part of the advances brought forward from 2019 were yet to be retired as at 31<sup>st</sup> December, 2020. These include the following:

₦

Alh. Garba Muhammed	4,700
Garba Yahaya	20,000
Education Secretary, Bauchi LEA	2,082,500
Sectional Head, Rural Water	20,000
Hon. Labaan Abdullahi	<u>300,000</u>
<i>Total</i>	<u><u>2,427,200</u></u>

The control over the granting and retirement of advances appeared to be weak. The sum of N77,709,756 as unretired advances at the end of the year was high. No satisfactory reason could be adduced for this. Secondly, the above advances of N2,427,200 brought forward from previous years ought to have been settled before now.

We recommend that appropriate steps be taken to ensure that these advances are retired as soon as possible. Secondly, the controls over advances should be strengthened to correct the lapses that are inherent in the system.

#### 4.0 Investment Register

##### 4.1 Absence of Investment Register

Investment on shares as at the end of 2020 amounted to N46,662,979. No Investment Register was maintained by the Council in respect of these shares.

##### 4.2 No Evidence of Paid Dividends

The Council bought shares in Access Bank Plc and Jaiz Plc amounting to N21,388,413 and N12,769,634 respectively. Both Banks are quoted in the Nigerian Stock Exchange. It is on record that these banks have been declaring dividends, as least in the past two years, 2019 and 2020. There was nothing to show from the books that the Council received dividends on any of its investments during the period. No satisfactory reason could be given for this.

We recommend that the Council should maintain Investment Register and secondly, investigate why dividends paid by these banks and any of the other Companies were not received by it.

##### 5.0 Accounting Orientation/ Refreshers Seminars

It was observed that most of the accounting staff have not received any form of training in recent times to equip them in the performance of their accounting duties. Consequently, their efficiency and effectiveness are greatly hampered due to their limitations.

We recommend that accounting orientation or refreshers seminars be organized for accounting and auditing staff of the Council. This is necessary to sharpen their accounting knowledge, skills and principles to bring about effectiveness and efficiency in the performance of their accounting duties.

#### 6.0 Conclusion

We shall be pleased to discuss further with you any matter mentioned in this letter and any action that has been taken or is envisaged.

In the meantime, may we express our appreciation for the cooperation extended to us by members of staff of the Council.

Yours faithfully,

John Ejeheri

## 2.0 Accounting Books and Records

### 2.1 Financial Books/Records Collected by the EFCC

Apart from the cash book that was returned by the EFCC, according to the Council's cashier, all the other accounting records including payment vouchers, receipt books, etc collected before 2020 by the EFCC are yet to be returned. These were said to have been collected by the Economic and Financial Crimes Commission for an on-going investigation into the Council's financial transactions.

### Recommendations

Even though these accounting books and records did not relate to the year 2020 that was covered by our audit, we recommend that appropriate steps be taken to retrieve these records from the EFCC. Statutorily, these records are expected to be under the custody of the Council.

- 2.2 Draft Financial Statements for the year was not prepared by the Council. The preparation of this statement is mandatory for every Local Government Council showing financial position as at 31<sup>st</sup> December each year. It enables Management, among other things, to assess and evaluate the operations of the Council vis-à-vis the controls over expenditure and the monitoring of budgetary allocations.

We recommend that this important statement be prepared on a yearly basis.

### 2.3 Bank Reconciliation Statements

No bank reconciliation statement was prepared for any of the months during the year. In the absence of such exercise, excessive bank

charges, errors or fraud arising from banking transactions are not likely to be easily detected.

We recommend that bank reconciliation statements be prepared on a monthly basis reconciling the cash book balances with balances as per bank statements.

#### 2.4 Fixed Assets Register

No fixed Assets Register was maintained by the Council. This register is important for recording the particulars of fixed assets owned by the Council showing among other things, the nature of the assets, the cost, date of purchase, the suppliers, rate of depreciation, the location or office of usage.

We recommend that this register be maintained for the good of the Council.

#### 2.5 Advances Register

Advances granted to staff during year amounted to ₦1,500,000 with ₦1,100,500 brought forward from previous year giving a total of ₦2,600,500 at year end. These were yet to be retired. No Advances Register was maintained by the Council for the control and monitoring of these advances.

We recommend that Advances Register be introduced for the control (granting and retirement) of advances by the Council.

#### 3.0 Other Matters

- 3.1 Deposits amounting to ₦13,622,912 were outstanding as at year end. These deductions are expected to be remitted to the appropriate Agencies as soon as they are made. No satisfactory reason could be given for the failure to do so.

We recommend that deductions should be remitted to the appropriate Agencies in compliance with the extant laws regulating such deductions. Failure to do this may attract penalties.

### 3.2 Internal Audit Report

All efforts to get the Internal Audit Report for the period from the Internal Auditor proved abortive. We were therefore left with no choice but to conclude that internal audit checks were not carried out on the controls and processes of the Council for the period under review.

### 3.3 Accounting Orientation/ Refreshers Seminars

It was observed that most of the accounting staff have not received any form of training in recent times to equip them in the performance of their accounting duties. Consequently, their efficiency and effectiveness are greatly hampered due to their limitations.

Surplus/(Deficit)	3,399,151	3,029,217

1.1.1 REVENUE PROFILE

**A. Statutory allocation**

The Council recorded a significant increase in statutory allocation received from ₦1.38 million 2019 to ₦1.73 billion in 2020, resulting an increase of ₦392. million representing 28%.

Statutory allocations accounted for 93.3% of the total revenue of the Local Government Council in the year under review.

**B. Internally generated revenue**

The internally generated revenue of the Council increased from ₦1.78million in 2019 to ₦4.08 million in 2020.

We advise that all available revenue generating sources should be harnessed and adequate internal control system should be put in place to address possible leakages especially regarding internally generated revenue.

## 1.2.0 EXPENDITURE

### 1.2.1 Recurrent expenditure

The total recurrent expenditure of the Council was ₦1.91 billion in the year under review as against ₦1.37 billion 2019.

Personnel cost was ₦1.61 billion representing 84.30% of the total recurrent expenditure of ₦1.91 billion in the year under review.

### 1.2.2 Capital expenditure

The capital related expenditure in the year was ₦ 4.41 million, details are as highlighted in appendix 1. Capital expenditure was very low considering the capital expenditure budget of ₦ 579.71 million. Most of the revenue of the local Council was spent on recurrent expenditure.

Management is advised to ensure balancing expenditure between recurrent and capital expenditure.

## 2.0 INTERNAL CONTROL WEAKNESSES AND OTHER OBSERVATION

### 2.1.1 BANK RECONCILIATION STATEMENTS.

Monthly bank reconciliation statements were prepared up to date in the year under review. We observed that reconciliation items are not promptly addressed by making the necessary postings in the cash book.

### 2.1.2 RECOMENDATIONS

The Council should ensure that all reconciliation items are promptly addressed and the necessary postings done. The remittance in transit should be resolved within 14 days with the respective bank.

### 2.2.0 PAYMENT VOUCHERS

### 2.2.1 AUDIT COMMENTS

Payment vouchers for the year under review were not made available to us during the audit, thereby making it difficult to confirm if the necessary supporting documents to all the expenditures are available.

### 2.2.2 RECOMENDATIONS

We advise that management should ensure that:

- Payment vouchers are raised for all transactions and that the necessary supporting documents are attached to the respective payment vouchers.
- Payment vouchers should be securely and serially filed monthly for future reference.

## 2.3.0 DEPOSITS

### 2.3.1 AUDIT COMMENTS

The deposit liability of the Council in the year was ₦ 22.91 million. The deposit liabilities were mostly from previous years. There were no sufficient records to confirm the correctness of the deposits. The staff deductions related deposits may have been settled but not properly documented and the necessary adjustment may not have been made.

## 2.4.0 FIXED ASSETS REGISTER

### 2.4.1 AUDIT COMMENTS

We observed that the Council does not maintain a Fixed Asset Register in line with the requirements of the IPSAS accrual basis of accounting being adopted. It becomes necessary to have records of all fixed assets/capital expenditure of the Local Government.

### 2.4.2 IMPLICATIONS

Verification of assets acquired by the council becomes very difficult and possible loss of assets is inevitable since there is no Register.

### 2.4.3 RECOMMENDATIONS

Maintenance of a fixed assets register which will serve as a back-up to the computerized ledger and periodic inventory of the Council Assets and control is very important.

## 2.5.0 TRAINING OF ACCOUNTING STAFF

### 2.5.1 AUDIT COMMENTS

We observed that the council accounting staff needs special training to meet up with the current challenges in the maintenance of books of accounts especially on IPSAS chart of account and the new form of reporting in the public sector.

### 2.5.2 IMPLICATION

This will ensure effective and efficient management of accounting system and procedure in the Local Government Council. It will also enhance effective management decision making.

### 2.5.3 RECOMMENDATION

We advise that the Local government council should organize continuous training program for its staff.

The Chairman and the entire management of the Local Government should ensure that numerous potential revenue sources available to the Council are harnessed forthwith and to equally ensure adequate internal control system are in place to address possible leakages especially regarding the internally generated revenue.

## 2.1 Recurrent expenditure

The total recurrent expenditure of the Council was ₦2.3 billion in the year under review as against ₦1.8 billion in 2019.

Personnel cost was ₦1.8 billion representing 78% of the total recurrent expenditure of ₦2.3 billion in the year under review.

## 2.2 Capital expenditure

The capital related expenditure in the year was ₦48million, this was very low compared to the total revenue within the year under review. Most of the revenue of the local Council was spent on recurrent expenditure.

## Recommendation

Management is advised to ensure balancing expenditure between recurrent and capital expenditure.

### 2. Bank Reconciliation Statements.

Despite the preparation of the monthly reconciliation, we observed that reconciling items were not promptly addressed by making the necessary postings in the cash book.

#### Recommendations

The Council should ensure that all reconciling items are promptly addressed and the necessary postings done. The remittance in transit should be resolved within 14 days with the respective bank.

### 4. Payment Vouchers

Payment vouchers for the year under review were not completely available for audit check, thereby making it difficult to confirm if the necessary supporting documents to all the expenditures are available.

#### Recommendations

We advise that the council management should ensure that:

- Payment vouchers are raised for all transactions and that the necessary supporting documents are attached to the respective payment vouchers.
- Payment vouchers should be securely and serially filed monthly for future reference.

### 3. Advances and Deposits

We noticed unretired Advances and Deposits of ₦2,712,000 and ₦26,225,566.19 respectively for the Local Government as at 31<sup>st</sup> December 2020, the amounts that cannot be well substantiated during our enquiry on the matters with the custodian of the LG's Financial records. This could lead to doubt on the credibility of the financial records.

#### Recommendations

The Local Govt Chairman should give directive to necessary stakeholders on the prompt retirement of working advances and for the value of deposits to be properly reconciled.

### 4. Non -Implementation of IPSAS Accrual in keeping and presentation of Financial Records

Contrary to the pronouncement of FAAC Technical Sub-Committee of 13<sup>th</sup> June 2011 on the nationwide adoption and implementation of IPSAS Accrual on all Government Financial reporting, the Local Govt Council was yet to adopt the IPSAS Accrual Accounting Basis.

The onus of IPSAS Accrual is to guarantee effective stewardship on public fund and it is in accordance with best acceptable International Standards.

#### Recommendation

The Auditor General for Local Government should liaise with the Permanent Secretary Ministry for Local Government and Chieftaincy Affairs towards ensuring continuous sensitization and trainings on how to fully adopt and implement the IPSAS Accrual Accounting Basis for the state to be continuously relevant in the committee of states.

## 5. No Asset Register

Asset Register was not maintained by the Local Govt, a register that contains details information about the Council's Non-Current Asset (Fixed Asset). It is a memorandum book to record the particulars of Fixed Assets such as:

- Original cost
- Date of acquisition
- Dates and cost of subsequent addition or improvement
- Basis upon which depreciation is charged and amount provided each year
- Net book value of the Assets
- Name of manufacturers/suppliers and
- Location of the Assets

### Recommendations

The Auditor General for Local Govts should encourage the Local Government's Management to keep register of all assets of the council and to keep/maintain necessary books of Account without further procrastination.

5. Investments N 20,842,248

We noticed that the value of investment on the record of Darazo Local Government included investment in the defunct Savannah Bank, Intercellular, Afri Bank and that of Former Inland Bank. Kindly See the Schedule below:

## 2.0 Accounting Books and Records

### 2.1 Irregularities in the Processing of Payments Vouchers

Some of the payment vouchers were poorly processed and characterized with irregularities. Some of these have been analysed as follows:

No	Date	P.V No	Amount (N)	Nature of Payments	Remarks
1	25/1/20	22	500,000	Made to Juji Abba Bara for purchase of working materials	PV could not be traced.

3	28/1/20	96	300,000	Made to Hon. Saleh A. Dumba – imprest Advance.	PV could not be traced
4	28/2/20	88	30,000	Made to Samaila Adamu – Allowance to Auditor.	PV could not be traced
5	28/2/20	89	30,000	Made to Samaila Adamu – Allowance to Area Inspector.	PV could not be traced
6	14/12/20	44	1,000,000	Paid to Sundry Persons.	List of beneficiaries not attached.
7	14/12/20	45	1,000,000	Honorarium to Sundry Persons.	List of beneficiaries not attached.

No satisfactory explanations could be given for these lapses.

We recommend that the controls over the processing of payment vouchers and payments should be strengthened to eliminate the inherent weaknesses in the system.

## 2.2 Bank Reconciliation Statements

Bank reconciliation statements were not prepared for any of the bank accounts operated by the Council. Failure to prepare bank reconciliation statements is a serious weakness that can be abused as

errors or fraud arising from banking transactions may not be easily detected.

We recommend that concerted efforts be made by the Council's Management to ensure that these statements are prepared on a monthly basis.

### 2.3 Fixed Assets Register/Office Inventories

The Council did not maintain fixed assets register to record its non-current assets vis-à-vis the property, plant and equipment on which it incurs substantial expenditure on a yearly basis. It was also observed that office inventories showing the list of office furniture and equipment in each of the offices were not maintained.

We wish to recommend that fixed assets register and office Inventories be maintained by the Council to secure and safeguard its non-Currents assets.

### 2.4 Advances ₦11,405,000

There was no effective control over the granting and retirement of advances. A substantial sum of ₦11,405,000 was outstanding as unretired advances as at 31<sup>st</sup> December, 2020. No advances ledger was maintained by the Council showing the ledger accounts of individual staff to whom advances have been granted.

We recommend that Advances Ledger be introduced as a measure to regulate the granting and retirement of advances. When the controls are weak, members of staff are likely to abdicate their responsibility in retiring outstanding advances.

### 3.0 Accounting Orientation/ Refreshers Seminars

It was observed that most of the accounting staff have not received any form of training in recent times to equip them in the performance of their accounting duties. Consequently, their efficiency and effectiveness are greatly hampered due to their limitations.

We recommend that accounting orientation or refreshers seminars be organized for accounting and auditing staff of the Council. This is necessary to sharpen their accounting knowledge, skills and principles to bring about effectiveness and efficiency in the performance of their accounting duties.

#### 4.0 Conclusion

We shall be pleased to discuss further with you any matter mentioned in this letter and any action that has been taken or is envisaged.

In the meantime, may we express our appreciation for the cooperation extended to us by members of staff of the Council.

Yours faithfully,

John Ejeheri

Surplus/(Deficit)	24,852,607	102,271,460

### 1.1.1 REVENUE PROFILE

#### C. Statutory allocation

The Council recorded an increase in statutory allocation received from ₦1.59 billion 2019 to ₦2.37 billion in 2020, representing an increase of ₦780.8 million or 48.9%. Statutory allocations accounted for more than 99% of the total revenue of the Local Government Council in the year under review and represents 93% of the budgeted statutory allocation of ₦2.54 billion..

#### D. Internally generated revenue

The internally generated revenue of the Council increased from ₦6.40 million in 2019 to ₦8.30 million in 2020 indicating an increase of ₦1.91 million or 30 %

The internally generated revenue in the year represents 29% of the budgeted internal revenue of ₦28.28 million.

We advise that all available revenue generating sources should be harnessed and adequate internal control system should be put in place to address possible leakages especially regarding internally generated revenue.

### 1.2.0 EXPENDITURE

#### 1.2.1 Recurrent expenditure

The total recurrent expenditure of the Council was ₦2.36 billion in the year under review as against ₦1.5 billion 2019.

Personnel cost was ₦1.74 billion representing 74% of the total recurrent expenditure in the year under review.

#### 1.2.2 Capital expenditure

The capital expenditure of ₦23.11million, details are as highlighted in appendix 1. Capital expenditure was very low considering the capital expenditure budget of ₦ 664.86 million. Most of the revenue of the local Council was spent on recurrent expenditure.

Management is advised to ensure balancing expenditure between recurrent and capital expenditure.

### 2.0 INTERNAL CONTROL WEAKNESSES AND OTHER OBSERVATION

#### 2.1.1 BANK TRANSACTIONS

##### a) E-PAYMENTS

We observed that most of the e-payment transactions payment vouchers make reference to bank statements as the only supporting documents without the necessary mandates duly signed by the authorized signatories of the Council.

#### b) FIDELITY BANK LOAN/OVERDRAFT

We observed monthly Loan/Overdraft transactions recorded in the cash book of the Council without the necessary details of the Loan/overdraft facilities, such as the interest and principal repayments and the total facility utilized by the Council in the year. This resulted to the net Loan/overdraft related expenditure of ₦ 821.37 million as shown below:

	₦
Loan/overdraft received	1,281,653,095.37
Loan/overdraft paid	<u>2,103,028,414.75</u>
	<u>821,375,319.38</u>

#### c) BANK RECONCILIATION STATEMENTS.

Monthly bank reconciliation statements were prepared up to date in the year under review. We observed that reconciliation items are not promptly addressed by making the necessary postings in the cash book. The following reconciliation items have remained unaddressed as at the end of the year:

- Bank charges/commission accumulated over the years in the reconciliation statements amounting to ₦ 5.87million
- Direct debits in the various bank accounts amounting to ₦ 66.94million.
- Remittance in transit of ₦ 3.09million.
- Direct credit of ₦ 41.02 million

The Council should ensure that all reconciliation items are promptly addressed and the necessary postings are done. The remittance in transit should be resolved within 14 days with the respective bank.

### 2.2.1 DEPOSITS

We observed that the schedule of deposits made available to us shows that the outstanding deposit is ₦ 67million as at 31 December, 2020 instead of Nil. The deposit ledgers may not have been updated. The staff deductions related deposits may have been settled but not properly documented and the necessary adjustment may not have been made.

### 2.3.1 FIXED ASSETS REGISTER

We observed that the Council does not maintain a Fixed Asset Register in line with the requirements of the IPSAS accrual basis of accounting being adopted. It becomes necessary to have records of all fixed assets/capital expenditure of the Local Government.

### 2.3.2 IMPLICATIONS

Verification of assets acquired by the council becomes very difficult and possible loss of assets is inevitable since there is no Register.

### 2.3.3 RECOMMENDATIONS

Maintenance of a fixed assets register which will serve as a back-up to the computerized ledger and periodic inventory of the Council Assets and control is very important.

### 2.5.1 TRAINING OF ACCOUNTING STAFF

We observed that the Council accounting staff need special training to meet up with the current challenges in the maintenance of books of accounts especially on IPSAS chart of account and the new form of reporting in the public sector.

### 2.5.2 IMPLICATION

This will ensure effective and efficient management of accounting system and procedure in the Local Government Council. It will also enhance effective management decision making.

### 2.5.3 RECOMMENDATION

We advise that the Local government council should organize continuous training program for its staff.

Management is advised to ensure balancing expenditure between recurrent and capital expenditure.

### 10. Bank Reconciliation Statements.

Despite the preparation of the monthly reconciliation, we observed that reconciling items were not promptly addressed by making the necessary postings in the cash book.

## Recommendations

The Council should ensure that all reconciling items are promptly addressed and the necessary postings done. The remittance in transit should be resolved within 14 days with the respective bank.

### 4. Payment Vouchers

Payment vouchers for the year under review were not completely available for audit check, thereby making it difficult to confirm if the necessary supporting documents to all the expenditures are available.

## Recommendations

We advise that the council management should ensure that:

- Payment vouchers are raised for all transactions and that the necessary supporting documents are attached to the respective payment vouchers.
- Payment vouchers should be securely and serially filed monthly for future reference.

### 11. Advances and Deposits

We noticed unretired Advances and Deposits of ~~₦~~2,604,892 and ~~₦~~3,040,388 respectively for the Local Government as at 31<sup>st</sup> December 2020, the amounts that cannot be well substantiated during our enquiry on the matters with the custodian of the LG's Financial records. This could lead to doubt on the credibility of the financial records.

## Recommendations

The Local Govt Chairman should give directive to necessary stakeholders on the prompt retirement of working advances and for the value of deposits to be properly reconciled.

#### 12. Non -Implementation of IPSAS Accrual in keeping and presentation of Financial Records

Contrary to the pronouncement of FAAC Technical Sub-Committee of 13<sup>th</sup> June 2011 on the nationwide adoption and implementation of IPSAS Accrual on all Government Financial reporting, the Local Govt Council was yet to adopt the IPSAS Accrual Accounting Basis.

The onus of IPSAS Accrual is to guarantee effective stewardship on public fund and it is in accordance with best acceptable International Standards.

#### Recommendation

The Auditor General for Local Government should liaise with the Permanent Secretary Ministry for Local Government and Chieftaincy Affairs towards ensuring continuous sensitization and trainings on how to fully adopt and implement the IPSAS Accrual Accounting Basis for the state to be continuously relevant in the committee of states.

#### 13. No Asset Register

Asset Register was not maintained by the Local Govt, a register that contains details information about the Council's Non-Current Asset (Fixed Asset). It is a memorandum book to record the particulars of Fixed Assets such as:

- Original cost
- Date of acquisition
- Dates and cost of subsequent addition or improvement
- Basis upon which depreciation is charged and amount provided each year
- Net book value of the Assets
- Name of manufacturers/suppliers and
- Location of the Assets

### Recommendations

The Auditor General for Local Govts should encourage the Local Government's Management to keep register of all assets of the council and to keep/maintain necessary books of Account without further procrastination.

5. Investments ₦ 20,576,115

We noticed that the value of investment on the record of GIADE Local Government included investment in the defunct FinBank Bank, F.S.B Int Bank, Intercellular and that of First Inland Bank. Kindly See the Schedule below: Schedule of Investment

S/N	Name of Company	Amount ₦
1	FinBank Plc	667,400
2	First Inland Bank Plc	1,497,920
3	F.S.B Int Bank Plc	329,000
4	Jaiz International Plc	4,338,900
5	Inter Cellular	9,999,998
6	Access Bank (Nig) Plc	800,000

8	Urban Development Bank	235,000
9	Fidelity Bank Plc	<u>32,639</u>
		<u>20,576,115</u>

## Recommendations

The Local Govt Chairman should direct the necessary stakeholders at the Local Govt to confirm/track these investments towards reactivating the treasury/investment management function in order to ensure realization of due return on Investments to the council.

## Conclusion

The required attentions on the aforementioned lapses and implementation of suggested recommendations are necessary for the Local Govt Council's continuous success and they must be put in place as soon as practicable.

If there is any other matter you may wish to know on this report, we shall be too glad to oblige. Meanwhile, we seized this opportunity to express our profound gratitude to the entire management and staff of the Local Govt Council for the support given to us during the Audit exercise.

Bauchi State.

Dear Sir,

**KIRFI LOCAL GOVERNMENT COUNCIL**

**MATTERS ARISING FROM THE AUDIT OF THE COUNCIL'S ACCOUNTS FOR THE  
YEAR ENDED 31<sup>ST</sup> DECEMBER, 2020**

We are pleased to inform you that we have completed the audit of Kirfi Local Government Council's Accounts for the year ended 31<sup>st</sup> December, 2020.

During the course of the audit, certain matters concerning the Council's Accounting, Internal control procedures and operations came to our notice which we would like to point out to you. These relate principally to areas where we feel that the systems, procedures and operations could be improved upon.

The recommendations we suggest will give rise to one or more of the following advantages:

1. The internal control procedures will be more effective,
2. The Accounting Records will be more reliable,

3. There will be reduced risk of errors or fraud and
4. There will be general improvement in the Operations.

### 1.0 Summary of Operations

Below is the summary of the Council's Operations during the year under review.

	2020	2019
1.1 <u>Revenue</u>	₦	₦
Govt. Share of FAAC	1,833,169,140	856,785,269
Internally Generated Revenue	<u>1,793,759</u>	<u>8,494,300</u>
	<u>1,834,962,899</u>	<u>865,279,569</u>
1.2 <u>Less: Operating Expenses</u>		
Personnel Cost	1,007,709,075	651,659,348
Overhead Cost	<u>827,020,925</u>	<u>79,974,595</u>
	<u>1,834,730,000</u>	<u>843,389,865</u>
<i>Surplus from Operating Activities</i>	<u>232,899</u>	<u>21,889,704</u>

### 1.3 Operational Overview.

Total revenue increased from ₦865,279,569 in 2019 to ₦1,834,962,899 in 2020. The expenditure also increased from ₦843,389,865 in 2019 to ₦1,834,730,000 in 2020. The overall results showed an excess of Income over Expenditure in the two years: N232,899 in 2020 as against N21,889,704 in 2019. The Council was able to operate within the limitations of available resources during the period.

## 2.0 Accounting Books and Records

### 2.1 Payment Vouchers

There was no much improvement in the processing of payment vouchers as some of the payments were characterized with irregularities. All efforts to trace the following vouchers proved abortive:-

<u>No</u>	<u>Date</u>	<u>P.V No</u>	<u>Amount</u> (₹)	<u>Nature of Payments</u>
1	28/7/20	77	1,890,000	Payment of Jaurawa allowances

2	29/7/20	74	1,000,000	Payment of security allowances
3	3/11/20	32	725,000	Payment of monthly allowances

In the absence of these vouchers, we were unable to get necessary details regarding the beneficiaries and whether the payments were made to them or not. The control over the processing of payment is weak. The system is susceptible to abuses if adequate control measures are not introduced by the Council.

We recommend that the controls over the processing of payment vouchers, filing and payment to beneficiaries together with necessary evidential supporting documents should be overhauled.

### 2.2 Advances Ledger

It was observed that Advances Ledger was not maintained during the year. The Ledger is important as a requirement for posting of advances made to members of staff and when such advances are retired. It controls and monitors individual advances and at any point in time, the Council is able to determine the individual members of staff that are

having outstanding advances. In ideal situation, such individuals cannot qualify for new advances until the earlier ones are fully retired.

We recommend that an Advances Ledger be introduced and maintained by the Council.

### 2.3 Fixed Assets Register

No Fixed Assets Register was maintained by the Council during the year. The register is designed to record all non-current assets that are owned by the Council showing the following details: date of purchase, the suppliers (if practicable), the description including registration numbers if motor vehicles, the amount, the office of usage, location, rate of depreciation etc. The register enables the Council to secure and safeguards all its non-current assets.

We recommend that this register be introduced and maintained for the general good of the Council.

### 2.4 Deposit ₦37,572,575

It was observed that deposits of ₦37,572,575 brought forward from previous year remained unpaid during the year. Deposits are deductions that are expected to be remitted to the appropriate agencies as soon as they are made. No satisfactory reasons could be given for the failure to remit these deductions before now.

We recommend that deductions should be remitted to the appropriate agencies in compliance with the extant laws regulating such deductions. Failure to do so may attract penalties.

### 3.0 Accounting Orientation/ Refreshers Seminars

It was observed that most of the accounting staff have not received any form of training in recent times to equip them in the performance of their accounting duties. Consequently, their efficiency and effectiveness are greatly hampered due to their limitations.

We recommend that accounting orientation or refreshers seminars be organised for accounting and auditing staff of the Council. This is necessary to sharpen their accounting knowledge, skills and principles to bring about effectiveness and efficiency in the performance of their accounting duties.

#### 4.0 Conclusion

We shall be pleased to discuss further with you any matter mentioned in this letter and any action that has been taken or is envisaged.

In the meantime, may we express our appreciation for the cooperation extended to us by members of staff of the Council.

Yours faithfully,

John Ejeheri

### 1.2 Internally Generated Revenue

The internally generated revenue of the Council increased from ₦2.9 million in 2019 to ₦11.7 million in 2020.

## Recommendation

The Chairman and the entire management of the Local Government should ensure that numerous potential revenue sources available to the Council are harnessed forthwith and to equally ensure adequate internal control system are in place to address possible leakages especially regarding the internally generated revenue.

### 2.1 Recurrent expenditure

The total recurrent expenditure of the Council was ₦2.6 billion in the year under review as against ₦1.6 billion in 2019.

#### 14. Bank Reconciliation Statements.

Despite the preparation of the monthly reconciliation, we observed that reconciling items were not promptly addressed by making the necessary postings in the cash book.

The Council should ensure that all reconciling items are promptly addressed and the necessary postings done. The remittance in transit should be resolved within 14 days with the respective bank.

#### 4. Payment Vouchers

Payment vouchers for the year under review were not completely available for audit check, thereby making it difficult to confirm if the necessary supporting documents to all the expenditures are available.

##### Recommendations

of the LG's Financial records. This could lead to doubt on the credibility of the financial records.

### Recommendations

The Local Govt Chairman should give directive to necessary stakeholders on the prompt retirement of working advances and for the value of deposits to be properly reconciled.

#### 16. Non -Implementation of IPSAS Accrual in keeping and presentation of Financial Records

Contrary to the pronouncement of FAAC Technical Sub-Committee of 13<sup>th</sup> June 2011 on the nationwide adoption and implementation of IPSAS Accrual on all Government Financial reporting, the Local Govt Council was yet to adopt the IPSAS Accrual Accounting Basis.

The onus of IPSAS Accrual is to guarantee effective stewardship on public fund and it is in accordance with best acceptable International Standards.

### Recommendation

The Auditor General for Local Government should liaise with the Permanent Secretary Ministry for Local Government and Chieftaincy Affairs towards ensuring continuous sensitization and trainings on how to fully adopt and implement the IPSAS Accrual Accounting Basis for the state to be continuously relevant in the committee of states.

## 17. No Asset Register

#### L. Internally generated revenue

The internally generated revenue of the Council was ₦4.86 million in 2020 as against ₦2.85 million in 2019.

We advise that all available revenue generating sources should be harnessed and adequate internal control system should be put in place to address possible leakages especially regarding internally generated revenue.

## 1.2.0 EXPENDITURE

### 1.2.1 Recurrent expenditure

The total recurrent expenditure of the Council was ₦2.00 billion in the year under review as against ₦1.31 billion 2019.

The capital expenditure in the year was ₦ 4.78 million, details are as highlighted in appendix 1. Capital expenditure was very low considering the capital expenditure budget of ₦ 686.67 million. Most of the revenue of the local Council was spent on recurrent expenditure.

Management is advised to ensure balancing expenditure between recurrent and capital expenditure.

## 2.0 INTERNAL CONTROL WEAKNESSES AND OTHER OBSERVATION

## 2.1.0 AUDIT COMMENTS

### 2.1.1 BANK TRANSACTIONS

#### g) E-PAYMENTS

We observed that most of the e-payment transactions payment vouchers make reference to bank statements as the only supporting documents without the necessary mandates duly signed by the authorized signatories of the Council.

#### h) FIDELITY BANK LOAN/OVERDRAFT

We observed monthly Loan/Overdraft transactions recorded in the cash book of the Council without the necessary details of the Loan/overdraft facilities, such as the interest and principal repayments and the total facility utilized by the Council in the year.

#### i) BANK RECONCILIATION STATEMENTS.

Monthly bank reconciliation statements were not prepared in the year under review. We observed that there are difference between the cash book balance and the bank statement which should be reconciled. The practice of not doing monthly reconciliation may lead to possible loss of funds.

### 2.1.2 MAINTENANCE OF THE CASH BOOK

We observed that the cash books were not properly maintained. In some months, e-payments transactions were not recorded in the cash book and the monthly totaling of the cash book was not correctly done. The closing cash book balance is not correct.

### 2.1.2 RECOMMENDATIONS

We advise that the cash book should be updated to record all transactions of the Council and the monthly balancing of the cash book should be correctly done.

### 2.2.0 DEPOSITS

### 2.2.1 AUDIT COMMENTS

The Council has a deposit liability of ₦ 3.24 million in the year under review, consisting of contract deductions and salary deductions accumulating over the years.

We advise that the deductions should be remitted to the relevant authorities.

### 2.3.0 FIXED ASSETS REGISTER

#### 2.3.1 AUDIT COMMENTS

We observed that the Council does not maintain a Fixed Asset Register in line with the requirements of the IPSAS accrual basis of accounting being adopted. It becomes necessary to have records of all fixed assets/capital expenditure of the Local Government.

#### 2.3.2 IMPLICATIONS

Verification of assets acquired by the council becomes very difficult and possible loss of assets is inevitable since there is no Register.

#### 2.3.3 RECOMMENDATIONS

Management should ensure having in place the Fixed Assets Register.

### 2.4.0 TRAINING OF ACCOUNTING STAFF

#### 2.4.1 AUDIT COMMENTS

We observed that the council accounting staff needs special training to meet up with the current challenges in the maintenance of books of accounts especially on IPSAS chart of account and the new form of reporting in the public sector.

#### 2.4.2 IMPLICATION

This will ensure effective and efficient management of accounting system and procedure in the Local Government Council. It will also enhance effective management decision making.

#### 2.4.3 RECOMMENDATION

We advise that the Local government council should organize continuous training program for its staff.

## 2.0 Accounting Books and Records

### 2.1 Poor processing and Filing of Payment Vouchers

#### a) Missing Payment Vouchers

We were unable to trace some of the payments vouchers as follows:

<u>No</u>	<u>Date</u>	<u>P.V No</u>	<u>Cheque No.</u>	<u>Amount (₦)</u>	<u>Nature of Payment</u>	<u>Remarks</u>
1	5/6/20	22	33642413	100,000	PDP monthly allowances	PV could not be traced.
2	5/6/20	23	33642413	50,000	Chairman Aides	PV could not be traced.

#### b) Payments not Acknowledged by Payees

The following payments were not acknowledged by the payees:-

- Payment of 29/7/20 on PV No. 42 for N160,000 for Councilors' monthly allowance (list of beneficiaries not attached and payment not acknowledged).
- Payment of 29/7/20 on PV No. 44 for N35,000 made to sundry persons (list of beneficiaries not attached and payment not acknowledged).

No satisfactory reasons could be adduced for these lapses.

We recommend that Management should review the system and ensure that all lapses are overhauled.

## 2.2 Draft Financial Statements (LT Form 16)

The Council could not present to us its draft financial position as at 31<sup>st</sup> December, 2020.

We recommend that deliberate efforts be made by the Council to comply with the Local Government Financial Regulations Act that emphasizes the need for every Council to prepare and report its financial position as at 31<sup>st</sup> December of every financial year.

## 2.3 Bank Reconciliation Statements

Bank Reconciliation Statements were not prepared by the Council on a monthly basis. In the absence of such reconciliations, errors or fraud arising from banking transactions are not likely to be easily detected.

We recommend that bank reconciliation statements be prepared on a monthly basis so that errors or fraud arising from banking transactions can be easily detected and corrected.

## 2.4 Fixed Assets Register/Office Inventories

It was observed that fixed Assets Register and Office Inventories were not maintained by the Council. These records are designed to ensure that all non-current assets movable and immovable owned by the Council are secured and properly safeguarded.

We recommend that a fixed assets register and Office Inventories be introduced by the Council.

## 2.5 Deposits N32,855,915

Deposits representing deductions to be remitted to different Agencies stood at N32,855,915 as at year end. These deductions are expected to be remitted to the appropriate Agencies as soon as they are made. No satisfactory reason could be given for the failure to do so.

We recommend that deductions should be remitted to the appropriate Agencies in compliance with the extant laws regulating such deductions. Failure to do this may attract penalties.

### 3.0 Other Matters

#### 3.1 Internal Audit Report

All efforts to get the Internal Audit Report for the period from the Internal Auditor proved abortive. We were therefore left with no choice but to conclude that internal audit checks were not carried out on the controls and processes of the Council for the period under review.

We recommend that the Internal Auditor should discharge his responsibility of ensuring effective internal control system in the Council and to produce periodic reports on his operations to Management from time.

#### 3.2 Accounting Orientation/ Refreshers Seminars

It was observed that most of the accounting staff have not received any form of training in recent times to equip them in the performance of their accounting duties. Consequently, their efficiency and effectiveness are greatly hampered due to their limitations.

We recommend that accounting orientation or refreshers seminars be organised for accounting and auditing staff of the Council. This is necessary

to sharpen their accounting knowledge, skills and principles to bring about effectiveness and efficiency in the performance of their accounting duties.

### 4.0 Conclusion

We shall be pleased to discuss further with you any matter mentioned in this letter and any action that has been taken or is envisaged.

In the meantime, may we express our appreciation for the cooperation extended to us by members of staff of the Council.

Yours faithfully,

4. There will be general improvement in the Operations.

## 1.0 Summary of Operations

Below is the summary of the Council's Operations during the year under review.

	2020	2019

<i>Total Revenue</i>	<u>3,071,441,581</u>	<u>1,985,152,042</u>

Overhead Cost	<u>477,400,594</u>	<u>178,994,139</u>
	<u>3,006,070,709</u>	<u>1,968,834,682</u>
<i>Surplus for the Year</i>	<u>65,370,870</u>	<u>16,317,360</u>

## 1.3 Operational Overview.

Total revenue increased from 1,985,152,042 in 2019 to N3,071,441,581 in 2020. The expenditure also increased from N1,968,834,682 in 2019 to N3,006,070,709 in 2020. The overall results showed an excess of income over expenditure in the two years: N65,370,872 in 2020 as against N16,317,360 in 20219. The Council

was able to operate within the limitations of available resources during the period.

## 2.0 Accounting Books and Records

### 2.1 Cash Book

It was observed that the Council maintained a single column cash book for all its bank accounts. Under the circumstance, it was difficult to ascertain the different bank accounts balances at the end of each month for the purpose of preparing bank reconciliation statements.

Secondly, the cash book was not closed for the month of September, 2020 in order to extract the closing balance to be carried forward to the following month.

We recommend that the Director of Finance and Accounts should make deliberate efforts to ensure that the controls and supervision of the cash book and other related accounting records are effectively exercised. Different cash book should be maintained for each of the bank accounts operated by the Council.

### 2.2 Bank Reconciliation Statements

The Council did not prepare bank reconciliation statements for any of the months during the period. Errors, excessive bank charges or fraud arising from banking transactions are not likely to be easily detected under the circumstances.

We recommend that bank reconciliation statements be prepared on a monthly basis for each of the bank accounts.

### 2.3 Advances

Staff advances in 2019 amounting to N26,478,229 which have been long outstanding were yet to be retired and brought forward to 2020. It was further observed that during the year, additional advances of

N3,900,000 were granted bringing the total of advances to N30,378,229 in 2020. No satisfactory explanation could be given for these abnormalities.

We recommend that deliberate efforts be made to ensure that all outstanding advances are retired as soon as possible. Secondly, in accordance with prudential accounting practice, new advances should not be granted when the earlier ones have not been retired.

#### 2.4 Deposits

The following deposits which have been outstanding and brought forward from previous years were yet to be remitted to the appropriate Agencies.

	N
– BIRS – PAYE	465,944
– BIRS – 5% CPD	1,017,597
– FIRS – WHT	15,375
– FIRS – VAT	<u>7,095,750</u>
<i>Total</i>	<u>8,594,666</u>

We recommend that deductions should be remitted to the appropriate Agencies as soon as they are made in compliance with the extant laws regulating such deductions. Failure to do this may attract penalties.

#### 2.5 Draft Financial Statements (LT/Form 16)

Draft financial statements to be produced by every Local Government Council showing the financial position of the Council as at the end of the year could not be made available to us. This financial statement is

very important as it enables the Council to determine its effectiveness in operations vis-à-vis the budgetary allocations, monitoring and controls during the year.

We recommend that deliberate efforts be made to comply with the Local Government Financial Regulations so that Draft Financial Statements showing the Council's financial position as at 31<sup>st</sup> December each year are produced.

## 2.6 Fixed Assets Register

No fixed Assets Register was maintained by the Council to record the fixed assets owned by it. It is therefore difficult to ascertain the fixed assets of the Council showing the nature, cost, location etc.

We recommend that this Register be maintained by the Council for effective control over its assets.

## 3.0 Other Matters

### 3.1 Internal Audit Report

All efforts to get the Internal Audit Report for the period from the Internal Auditor proved abortive. We were therefore left with no choice but to conclude that internal audit checks were not carried out on the controls and processes of the Council for the period under review.

### 3.2 Accounting Orientation/ Refreshers Seminars

It was observed that most of the accounting staff have not received any form of training in recent times to equip them in the performance of their accounting duties. Consequently, their efficiency and effectiveness are greatly hampered due to their limitations.

We recommend that accounting orientation or refreshers seminars be organised for accounting and auditing staff of the Council. This is necessary to sharpen their accounting knowledge, skills and principles to bring about effectiveness and efficiency in the performance of their accounting duties.

#### 4.0 Conclusion

We shall be pleased to discuss further with you any matter mentioned in this letter and any action that has been taken or is envisaged.

In the meantime, may we express our appreciation for the cooperation extended to us by members of staff of the Council.

Yours faithfully,

John Ejeheri

Note that our coverage and procedures used during the audit were designed to assist the Local Government Council in strengthening the Internal Control System and may not reveal all weaknesses in the system which a special review might unveil; therefore, all weaknesses are not limited to those highlighted in this report.

Our findings and suggested recommendations are hereunder presented:

#### Summary of Operations:

The operating highlights of the Local Government Council for the year in comparison with 2020 are as shown below:

Surplus/(Deficit)	<u>70,793,321</u>	<u>(183,276)</u>

### 1. Revenue Profile

#### 1.1 Statutory allocation

The Council recorded a significant increase in statutory allocation received from ₦0.9billion in 2019 to ₦1.6billion in 2020, resulting into an increase of about ₦700 million which was 79% increase.

Statutory allocations accounted for 84% of the total revenue of the Local Government Council in the year under review.

#### 1.2 Internally Generated Revenue

The internally generated revenue of the Council increased from ₦0.7 million in 2019 to ₦1.8 million in 2020.

## Recommendation

The Chairman and the entire management of the Local Government should ensure that numerous potential revenue sources available to the Council are harnessed forthwith and to equally ensure adequate internal control system are in place to address possible leakages especially regarding the internally generated revenue.

### 2.1 Recurrent expenditure

The total recurrent expenditure of the Council was ₦1.8 billion in the year under review as against ₦0.9 billion in 2019.

Personnel cost was ₦1.4 billion representing 77% of the total recurrent expenditure of ₦1.8 billion in the year under review.

### 2.2 Capital expenditure

The capital related expenditure in the year was ₦68.9million, this was low compared to the total revenue within the year under review. Invariably, most of the revenue of the local Council was spent on recurrent expenditure.

## Recommendation

Management is advised to ensure balancing expenditure between recurrent and capital expenditure.

### 22. Bank Reconciliation Statements.

Despite the preparation of the monthly reconciliation, we observed that reconciling items were not promptly addressed by making the necessary postings in the cash book.

## Recommendations

The Council should ensure that all reconciling items are promptly addressed and the necessary postings done. The remittance in transit should be resolved within 14 days with the respective bank.

#### 4. Payment Vouchers

Payment vouchers for the year under review were not completely available for audit check, thereby making it difficult to confirm if the necessary supporting documents to all the expenditures are available.

#### Recommendations

We advise that the council management should ensure that:

- Payment vouchers are raised for all transactions and that the necessary supporting documents are attached to the respective payment vouchers.
- Payment vouchers should be securely and serially filed monthly for future reference.

#### 23. Advances and Deposits

We noticed unretired Advances and Deposits of ₦3,770,000 and ₦89,929,580 respectively for the Local Government as at 31<sup>st</sup> December 2020, the amounts that cannot be well substantiated during our enquiry on the matters with the custodian of the LG's Financial records. This could lead to doubt on the credibility of the financial records.

#### Recommendations

The Local Govt Chairman should give directive to necessary stakeholders on the prompt retirement of working advances and for the value of deposits to be properly reconciled.

## 24. Non -Implementation of IPSAS Accrual in keeping and presentation of Financial Records

Contrary to the pronouncement of FAAC Technical Sub-Committee of 13<sup>th</sup> June 2011 on the nationwide adoption and implementation of IPSAS Accrual on all Government Financial reporting, the Local Govt Council was yet to adopt the IPSAS Accrual Accounting Basis.

The onus of IPSAS Accrual is to guarantee effective stewardship on public fund and it is in accordance with best acceptable International Standards.

### Recommendation

The Auditor General for Local Government should liaise with the Permanent Secretary Ministry for Local Government and Chieftaincy Affairs towards ensuring continuous sensitization and trainings on how to fully adopt and implement the IPSAS Accrual Accounting Basis for the state to be continuously relevant in the committee of states.

## 25. No Asset Register

Asset Register was not maintained by the Local Govt, a register that contains details information about the Council's Non-Current Asset (Fixed Asset). It is a memorandum book to record the particulars of Fixed Assets such as:

- Original cost
- Date of acquisition
- Dates and cost of subsequent addition or improvement
- Basis upon which depreciation is charged and amount provided each year
- Net book value of the Assets

- Name of manufacturers/suppliers and
- Location of the Assets

**Recommendations**

The Auditor General for Local Govts should encourage the Local Government’s Management to keep register of all assets of the council and to keep/maintain necessary books of Account without further procrastination.

**5. Investments ₦ 13,517,885**

We noticed that the value of investment on the record of WARJI Local Government included investment in the defunct Savannah Bank, and that of First Inland Bank. Kindly See the Schedule below: Schedule of Investment

Name of Company	₦
Savannah Bank	500,000.00
Yankari Savings and Loans	1,269,741.00
Jaiz Plc	4,304,528.00
Fin Bank (former Inland Bank Plc)	3,308,759.00
Access Bank Nig Plc	3,480,800.00
Zenith Bank Plc	<u>654,058.00</u>
<b>TOTAL</b>	<u><b>13,517,886.00</b></u>

**Recommendations**

The Local Govt Chairman should direct the necessary stakeholders at the Local Govt to confirm/track these investments towards reactivating the treasury/investment management function in order to ensure realization of due return on Investments to the council.

**Conclusion**

The required attentions on the aforementioned lapses and implementation of suggested recommendations are necessary for the Local Govt Council's continuous success and they must be put in place as soon as practicable.

If there is any other matter you may wish to know on this report, we shall be too glad to oblige. Meanwhile, we seized this opportunity to express our profound gratitude to the entire management and staff of the Local Govt Council for the support given to us during the Audit exercise.

Thank you.

#### 1.1.0 REVENUE PROFILE

### 1.1.1 AUDIT COMMENTS

#### M. Statutory allocation

The Council recorded a significant increase in statutory allocation received from ₦1.49 billion in 2019 to ₦1.87 billion in 2020, resulting to an increase of ₦388.3 million or 26%.

Statutory allocations received in the year represents 106.6% of the budgeted statutory allocations of ₦1.768 billion and account for 83.3% of the total revenue of the Local Government Council in the year under review.

#### N. Internally generated revenue

The internally generated revenue of the Council decreased from ₦5.41 million in 2019 to ₦4.77 million in 2020.

We advise that all available revenue generating sources should be harnessed and adequate internal control system should be put in place to address possible leakages especially regarding internally generated revenue.

### 1.2.0 EXPENDITURE

#### 1.2.1 Recurrent expenditure

The total recurrent expenditure of the Council was ₦2.21 billion in the year under review as against ₦1.37 billion 2019.

Personnel cost was ₦1.91 billion representing 86.36 % of the total recurrent expenditure in the year under review.

#### 1.2.2 Capital expenditure

The capital related expenditure in the year was ₦ 42.54 million, details are as highlighted in appendix 1. Capital expenditure was very low considering the capital expenditure budget of ₦ 261.19 million. Most of the revenue of the local Council was spent on recurrent expenditure.

Management is advised to ensure balancing expenditure between recurrent and capital expenditure.

## 2.0 INTERNAL CONTROL WEAKNESSES AND OTHER OBSERVATION

### 2.1.1 AUDIT COMMENTS

#### BANK TRANSACTIONS

j) E-PAYMENTS

We observed that most of the e-payment transactions payment vouchers make reference to bank statements as the only supporting documents without the necessary mandates duly signed by the authorized signatories of the Council.

k) FIDELITY BANK LOAN/OVERDRAFT

We observed monthly Loan/Overdraft transactions recorded in the cash book of the Council without the necessary details of the Loan/overdraft facilities, such as the interest and principal repayments and the total facility utilized by the Council in the year.

l) BANK RECONCILIATION STATEMENTS.

Monthly bank reconciliation statements were not prepared in the year under review. We observed that there are difference between the cash book balance and the bank statement which should be reconciled. The practice of not doing monthly reconciliation may lead to possible loss of funds

## 2.1.2 RECOMMENDATION

Management is advised to ensure monthly reconciliation of all bank accounts maintained by the Council.

## 2.2.0 DEPOSITS

### 2.2.1 AUDIT COMMENTS

The Council has a deposit liability of ₦ 2.43 million in the year under review, consisting of contract deductions and salary deductions accumulating over the years.

We advise that the deductions should be remitted to the relevant authorities.

## 2.3.0 FIXED ASSETS REGISTER

### 2.3.1 AUDIT COMMENTS

We observed that the Council does not maintain a Fixed Asset Register in line with the requirements of the IPSAS accrual basis of accounting being adopted. It becomes necessary to have records of all fixed assets/capital expenditure of the Local Government.

### 2.3.2 IMPLICATIONS

Verification of assets acquired by the council becomes very difficult and possible loss of assets is inevitable since there is no Register.

### 2.3.3 RECOMMENDATIONS

Management should ensure having in place the Fixed Assets Register.

### 2.4.0 TRAINING OF ACCOUNTING STAFF

#### 2.4.1 AUDIT COMMENTS

We observed that the council accounting staff needs special training to meet up with the current challenges in the maintenance of books of accounts especially on IPSAS chart of account and the new form of reporting in the public sector.

#### 2.4.2 IMPLICATION

This will ensure effective and efficient management of accounting system and procedure in the Local Government Council. It will also enhance effective management decision making.

#### 2.4.3 RECOMMENDATION

We advise that the Local government council should organize continuous training program for its staff.
