INTRODUCTION:

The main purpose of the Budget Public Hearing (BPH) as a component of the Multi-Year Budgeting framework (MTEF) is to give opportunity to the stakeholders at all levels (Non-Governmental Organizations NGOs), Civil Society Organizations (CSOs), Community Based Organizations (CBOs) and indeed the entire citizens of the State, make their contributions into the Budget (which will eventually be incorporated) for articulation, consolidation for transmission to the State House of Assembly for their screening, analysis and passage. Additionally, the Budget Public Hearing is also another way of getting a larger number of the State populace becoming aware of the Government Policies and Programmes as well as also having access to make input into it, hence making the Budget as all inclusive and participatory one, with wider acceptance, feeling of ownership and support.

The budget public hearing is becoming an area of concern by the citizen whereby the general public are having much interest in not only participating but give much inputs in the areas of their concern as they defined it, not only that but using it as a medium of tracking the government performance in the areas of basic needs, the outcome of the budget public hearing is resulting into a lot of input coming from different stakeholders and associations such as the butchers associations, farmers and traders organizations State chamber of Commerce, Achaba Riders associations, Market Associations, just to mention but a few.

2. AIM AND OBJECTIVES

The aim of the Bauchi State Budget Public Hearing is to produce all inclusive and participatory governance by giving the stakeholders an opportunity to make contributions in terms of inputs into the state budget.
3. OPENNING REMARKS

The Honourable Commissioner State Planning Commission in his remarks explained that this administration is focusing the areas of Education, Health, Agriculture, Infrastructure, Youth and Women Development as areas of much concern of the administration of His Excellency the Executive Governor of Bauchi State Bala Abdulkadir Muhammed. And it is in this direction that the budget was proposed and called on the participants to put their maximum concentration to the presentation that will be made on the 2020 propose budget. Earlier the Director Budget State Planning Commission welcomed all the participants.

4. METHODOLOGY

The state is divided into 3 clusters based on the existing 3 Senatorial Districts and conducted separately aimed at giving more chances and opportunities for participation. The presentation that was chaired by the Honourable Commissioner State Planning Commission was made by the Permanent Secretary State Planning Commission was on the proposed 2020 budget using Power Points and viral video of the His Excellency’s documentary on 6 months in office which contains the agenda of his administration (Education, Health, Agriculture, Security and Youth and Women Development), other areas of the video are the contracted projects which have commenced and are in progress.

HONOURABLE COMMISSIONER'S COMMENTS:

The Honourable Commissioner Ministry for Local Government who was the representative of the Executive Governor at the event asked the secretariat to ensure that the requests made by the participants is included into the 2019 budget and further promised to deliver their requests to His Excellency the executive Governor.

Conclusion:

The Budget Public Hearing as a tool for participatory budget has been introduced in the State Budgeting Process to give chances for the general populace/citizenry to express their will and wishes by giving their inputs related to their priority projects that will be included in the State Budget and strengthen the State Public Expenditure which ensures participatory democratic process hence enhancing public ownership of projects/infrastructures as well as making the governance all-inclusive in the State.

Recommendation:

It is hereby recommended, that the State Budget Public Hearing should be institutionalized (back by law as a State Budget Process) and to be organize and conducted in all local governments of the state every year for wider coverage and proximity to allow the local peoples attend and give their inputs which will strengthen the public confidence in the State governance.
